

[A Smartphone App for DIY Projects](#)

DIYZ Smartphone App

What if I told you there is a fabulous FREE app out there to help tackle most any home improvement project? Would you believe me? The [DIYZ](#) (dee-eye-wise) smartphone app makes home improvement easy with step-by-step instructions, videos, tool suggestions AND the option to video chat with an amazing pro advisor!

DIYZ is a great tool to use when that special project seems intimidating and you're not sure where to start. Most project instructions will include a materials list and tools suggestions. You can also choose what you need for the project and have the supplies delivered to your door!

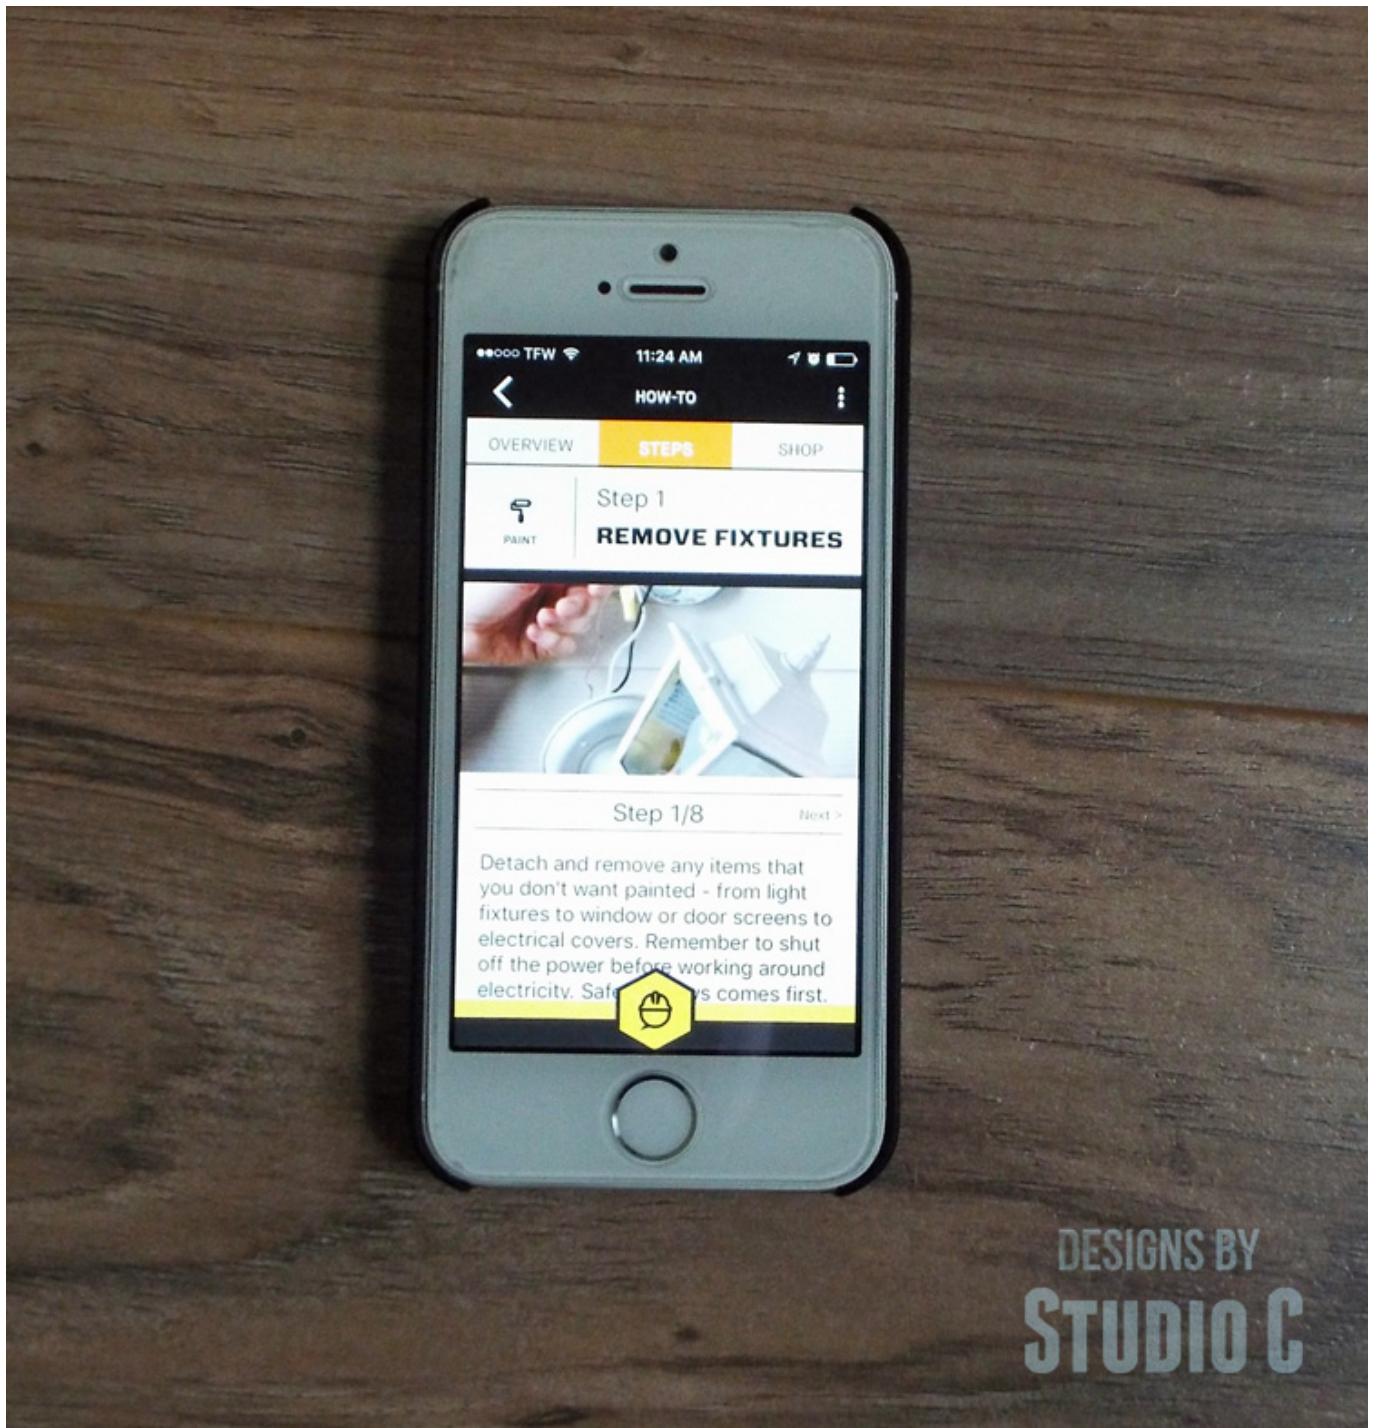

Want to know how to make a wine rack? Tap the image of the wine rack (see photo) and step-by-step instructions including a difficulty rating, time management and cost estimate appear. Tap the video icon to watch the entire how-to. The instructions are clear and easy to follow with video demonstrations. It seriously cannot be any easier!
